Dear Commissioner,

APS already has a monopoly on supplying over-wire electricity to a great many Arizona homes. They consistently take advantage of this monopoly and now wish to expand it to solar. Please don't allow this. We would be much better off if SRP supplies all of the valley's energy.

Please reject APS and TEP's attempts to monopolize solar power. These proposals would make ratepayers pay millions for a resource that is already provided through the free market.

Don't let APS raise our rates and undercut the solar industry Arizona has worked so hard to build.

Dear Commissioner,

Please reject APS and TEP's attempts to monopolize solar power. These proposals would make ratepayers pay millions for a resource that is already provided through the free market.

Don't let APS raise our rates and undercut the solar industry Arizona has worked so hard to build.

Dockets:

TEP: E-O1933A-14-0248
APS: E-01345A-13-0140

Thank you,

Tom McCartju

Sincerely,

Tom McCarthy

Dear Commissioner,

I urge you to reject TEP and APS's attempts to own rooftop solar systems. This program would undermine Arizona's solar industry and result in higher costs for all ratepayers.

Dear Commissionser,

Please reject APS soar request. I shouldnt have to pay more because this company is late t .the show on solar. They beg us to save power and.when we do they dont make enough money. They can lay people off and shut some locations like other compqnies.

Don't let APS raise our rates and undercut the solar industry Arizona has worked so hard to build.
